

NESTA LED Wall Light

Description

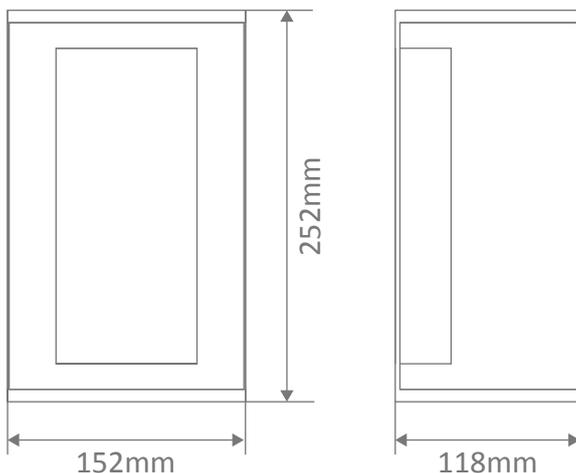

The NESTA is a modern stylish IP65 Wall light that is designed to be durable and weatherproof and offers an attractive solution to front facades or back patio areas as a feature where ambient lighting is required. Featuring a Black or White powder coated Aluminium frame, with a clear glass enclosure to the LED module behind. Available with DUO, the added option of changing the colour temperature output of the Wall Light with a dip switch at the back of the fitting. Colour switchable from 3000K Warm White to 5000K White. Suitable for 240V wiring with a built in power supply. Backed by our 3 Year Replacement Warranty.
